GRANT

A granite base with a thunder grey mineral mélange constitutes the magnetic starting point for the Grant series. In a symphony of contrasts, this elegant igneous stone is paired with polished metals to compose a refined and balanced design. Grant arises from the aesthetic interplay between high shine and dusty granular depth.

The series' ensemble of lamps for wall mounting, ceiling, floor and table have an inherent classic quality and a versatile appeal. Lampshades with a dense rounded silhouette, inspired by Copenhagen's iconic street lighting, meet slender arms in soft and airy compositions.

There is a sense of familiarity in the simple shapes and poised stature, while the smoothness of unbroken curves and unusual mix of materials lend the design a modern lucidity and immediate freshness. Grant is the quintessential timeless lighting series, which looks right at home in intimate spaces as well as grand majestic halls.

GRANT TABLE LAMP

Grant Table Lamp

Size: H: 45 x L: 26 x D: 17,5 cm

Weight: 2,5 Kg

Materials:

Steel & Granite

Light Source:

LED 7kWh/1000h

Grant Table Lamp, Brass

The soft curvature of the Grant table lamp's slender metal arm is as delicate as it is sturdy. A ball joint connecting the lampshade and arm makes it possible to tilt the lampshade up and down to adjust the direction of the light. With a scroll on the cord's dimmer switch, the

light easily regulates from soft ambience lighting to a bright direct light suitable for reading. The Grant table lamp is a sophisticated desk lamp for hotel rooms or home offices, but equally fit for the bedside table or living room sideboard.

All styles in the Grant series have a replaceable LED light source with dispersion lens that emits a soft and pleasant light.

The joining of the two materials at the base is harmoniously carried out, as is the neat detail of the small tip that channels the wire.

Pendant lamps in two sizes provide ample opportunity for lighting up spaces of various size and character. The simple design works well in a singular application as well as multiplied over a larger area, or used in combination with other lamps from the series. Due to the dispersion lens, the pendants can be hung high without blinding. The Grant pendants are dimmer compatible.

Grant Floor Lamp, Black, Era Sofa Black-Alu, Ultra Leather Brandy 41574

The Grant floor lamp stands tall and graceful with its slim and slightly tilted posture, balanced by a solid granite foot. Sharing the same features as the Grant table lamp, an adjustable shade and dimmer switch, the Grant floor lamp is ideal as a reading lamp or for lighting up dark corners.

LED 7kWh/1000h

Wall-mounted lighting is an aesthetic and space-optimizing solution, and the Grant series offers the choice of two flexible designs. With arms that move from right to left and lampshades that can be tipped up and down, the lamps can take up several different positions. The short-armed Grant wall lamp is well suited as a bedside lamp, for lighting up a hallway, or placed over a kitchen counter. For extended reach, opt for the longer version, which will be a stylish addition to any lounge area. Both versions have a dimmer on the lamp cord.
