

Studio

An industrial and airy design

normann

C O P E N H A G E N

Industrial notes

There is something virtually graphic about the way the slender steel frame grows out below the seat and back of the Studio chair, framing the molded shell in an airy design. The flowing lines stand out in an eye-catching silhouette, like a line drawing or pictogram, just as the empty spaces between the frame and the back act to define the shape. The simple construction in veneer and steel tubing leads the mind to older French factory chairs, giving Studio its industrial notes. A design that attracts attention, but glows with pure simplicity.

Product Facts

Description

Studio is a multi-purpose, stackable chair series with references to French industrial design. The combination of veneer and black steel conveys a graphic freshness and a contemporary, modern look.

Designer / Year Of Design

Simon Legald / 2018

Material

Shell: Lacquered oak veneer / Painted and lacquered ash veneer

Upholstery: PU foam with front or full upholstery

Legs: Powder coated steel

Construction

Studio is made in molded veneer. Comes in oak with a clear lacquer or in a painted ash veneer version. Legs are made of powder coated steel tubes. Stackable.

Maintenance

Shell: Clean with damp cloth.

Textile: Clean with textile or upholstery cleaner.

Leather: Clean with damp cloth. Use warm water with soap flakes.

Frequent vacuuming with a soft fitting is recommended for both textile and leather to preserve color and appearance.

Accessories

Comes with PE glides.

Felt glides can be purchased separately.
