

AAC 155 SOFT DUO

PRODUCT FACT SHEET

AAC 155 SOFT DUO

DESIGN BY HEE WELLING & HAY, 2021

The AAC 155 Soft Duo counterbalances its soft quilted shell and contrasting materials with the high functionality and modern expression of the task chair's five-legged castor base. Retaining the same high backrest and generous seat that characterises the series, the base is designed with a tilting mechanism and a gas lift that can adjust the seat height. The base is available in polished or powder-coated aluminium, and the quilted shell is offered with two different textiles or leathers to create a unique look that works equally well in corporate, public, or private contexts.
